

## Put Best-in-Class Identity Protection to Work for You

### Identity theft thrives in a connected world

From in-store purchases and mobile transactions to online accounts and banking, our connected lifestyles increase our risk of being impacted by data breaches, fraud and identity theft. With EZShield's award-winning consumer protection products, you can stay one step ahead of identity crime and be your customers' trusted source to provide the best solution.

### Impact of identity crimes on consumers

Identity crimes encompass the multitude of threats to one's good name, including lost and stolen personally identifiable information (PII), payments fraud and identity theft. Each presents its own unique risks and can be challenging to overcome without expert assistance.

#### Lost or Stolen PII

- Data Breaches
- Phishing
- Scams

#### Payments Fraud

- Credit/Debit Card Fraud
- Account Takeover

#### Identity Theft

- Financial Identity Theft
- Medical Identity Theft
- Child Identity Theft
- Criminal Identity Theft

### The right solution to the problem

EZShield, named an Identity Protection Leader by Javelin Strategy & Research, currently protects over 15 million individuals with our extensive suite of identity protection services through trusted partnerships.

As our partner, we help you...

- **Deliver industry-leading solutions** that allow you to customize your program to best meet your goals and those of your customers.
- **Champion your goals** to increase revenue, satisfy customer expectations, enhance product offerings and more by providing award-winning identity protection.
- **Increase value to customers** by reducing their fraud risks and boosting engagement through education and tools:

#### Identity crimes are on the rise

#### Lost or Stolen PII

#### Every Second

5 sensitive records are leaked in a data breach<sup>1</sup>

#### Payments Fraud

#### Every 2 Seconds

someone is a victim of payment fraud<sup>2</sup>

#### Identity Theft

#### Every 30 Seconds

there is a new victim of identity theft<sup>3</sup>

## Your solution starts with a solid foundation
