

IDENTITY PROTECTION AS A BENEFIT

Valuable benefits solutions for the modern workplace

Best-in-Class Identity Theft Protection to Address Top-of-Mind Concerns

Given the spike in cybercrime and large-scale data breaches, identity theft has rewritten the modern employee's definition of "financial security."

With 79.1 million Americans falling victim to identity crimes in 2017² — protection is now an integral component of the benefits landscape and provides a crucial opportunity for employers to address a top consumer concern.

EZShield's comprehensive services help protect consumers' personal and financial information in addition to securing, monitoring and restoring their identities from incidents of fraud and identity theft.
