Did you know that the right content has the power to grow customer trust and loyalty?

78% of customers believe organizations providing relevant content are interested in building good relationships*

64% of customers say education is an important part of their relationship with their bank**

Fortunately, you can give your customers the content they seek through the EZShield Live Fraud Feed, instantly fulfilling customers' expectations for timely fraud news and educational tips.

It's that easy to provide value and enhance loyalty!

- **Grow trust and loyalty with valuable content**
- **Provide the ultimate convenience of instant access**
- **Integrate seamlessly with your site**

Customer content with a partner focus — the EZShield Live Fraud Feed

Content you can trust. Rely on timely identity crime protection insights from our educational blog www.fightingidentitycrimes.com. Our content helps consumers and small businesses protect their personal information — without marketing or upselling.

Easy to install. An initial “copy and paste” of lightweight JavaScript is all that’s required to begin streaming content on your website.

Adapts to your websites. The Live Fraud Feed integrates seamlessly into your website — mimicking the exact look and feel.

Scalable and responsive. You’ll always have the perfect fit, no matter the device or dedicated space on your website.

Secure Platform. Security is paramount in everything we do. Learn about EZShield’s security practices at <https://www.ezshield.com/secure-cloud-based-fraud-protection-partner-platform/>
